**EXAMINER'S AMENDMENT/COMMENT**

1. This Office Action is responsive to Applicant's Amendment filed on 6/27/05.
2. Claims 35-69 are allowed.
3. During the telephone interview on 7/8/05, the following changes to the drawings have been approved by the examiner and agreed upon by Mr. Franklin:

The Figure 1 will be revised to include two freewheels such that one of which is provided between the third shaft (3) and the housing (G), and the other one of which is provided between the fifth shaft (5) and the housing (G).

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

4. The following is a statement of reasons for the indication of allowable subject matter:  
Claim 35 has been amended to overcome the prior art. Examiner agrees with Applicant's arguments regarding claim 35. The prior art of record does not disclose or render obvious a motivation to provide for an automatically shiftable motor vehicle transmission as defined by the limitations of claim 35, including input and output shafts arranged in a housing, three planetary gear sets, third to sixth rotatable shafts, three brakes, three clutches, wherein the third shaft is continuously connected to the sun gear of the third planetary gear set and is couplable to the housing by the first brake, the fourth shaft is continuously connected to the ring gear of the second planetary gear set and to the carrier of the first planetary gear set, the fourth shaft is directly couple to the housing through only the second brake, the sixth shaft is continuously

connected to the ring gear of the third planetary gear set and to the carrier of the second planetary gear set.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***NEW CENTRAL FAX NUMBER***

Effective July 15, 2005

8. On July 15, 2005, the Central FAX Number will change to **571-273-8300**. This new Central FAX Number is the result of relocating the Central FAX server to the Office's Alexandria, Virginia campus.

9. Most facsimile-transmitted patent application related correspondence is required to be sent to the Central FAX Number. To give customers time to adjust to the new Central FAX

Art Unit: 3681

Number, faxes sent to the old number (703-872-9306) will be routed to the new number until September 15, 2005. After September 15, 2005, the old number will no longer be in service and **571-273-8300** will be the only facsimile number recognized for "centralized delivery".

10. **CENTRALIZED DELIVERY POLICY:** For patent related correspondence, hand carry deliveries must be made to the Customer Service Window (now located at the Randolph Building, 401 Dulany Street, Alexandria, VA 22314), and facsimile transmissions must be sent to the Central FAX number, unless an exception applies. For example, if the examiner has rejected claims in a regular U.S. patent application, and the reply to the examiner's Office action is desired to be transmitted by facsimile rather than mailed, the reply must be sent to the Central FAX Number.
